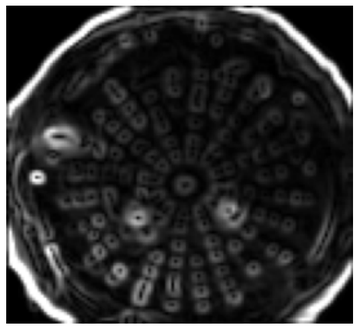
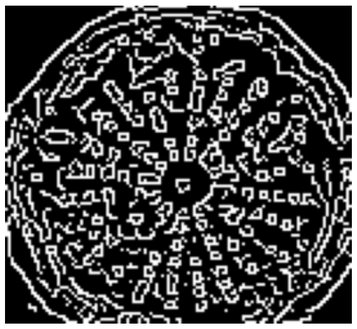
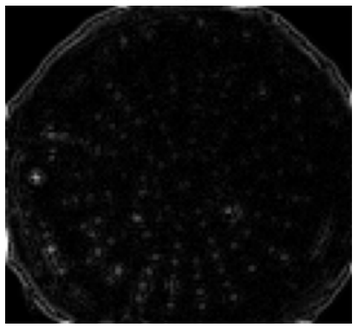
Apply sobel



Apply canny

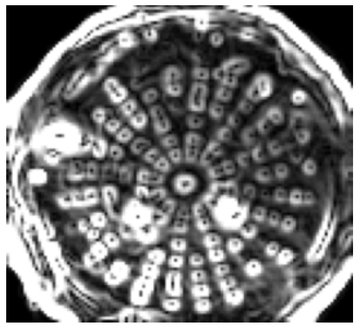


Apply laplacian



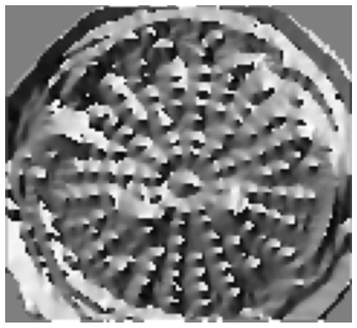
Apply prewitt

Apply schar



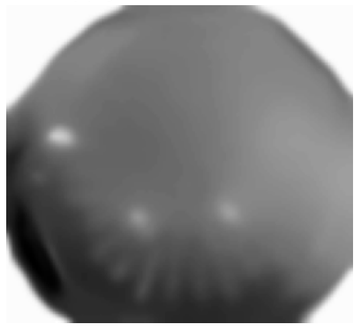
Apply gabor filter

Compute gradient magnitude orientation



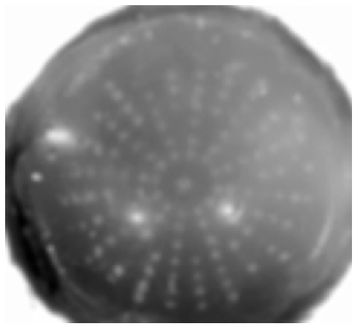
Apply bilateral

Apply non local means



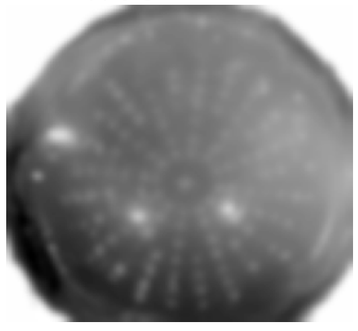
Apply wiener filter

Apply wavelet denoising

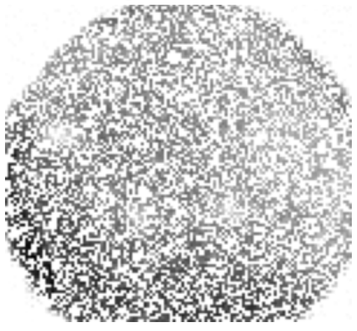


Apply median filter

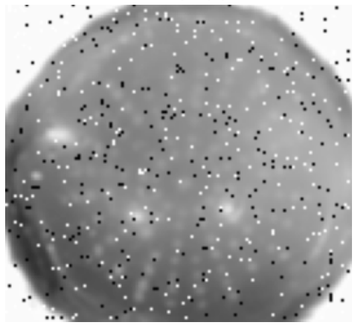
Apply gaussian blur



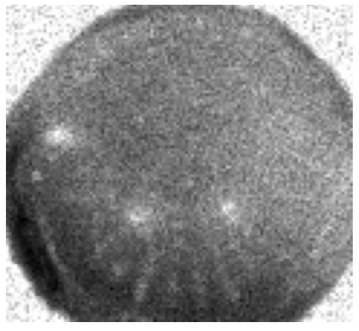
Add gaussian noise



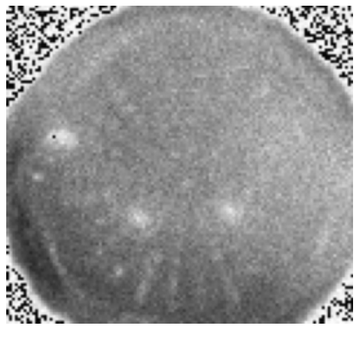
Add salt and pepper noise



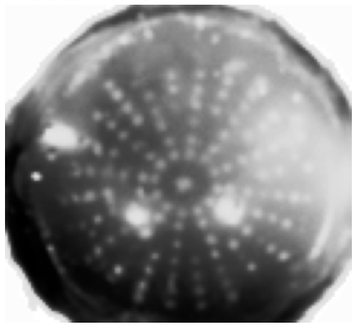
Add speckle noise



Add poisson noise

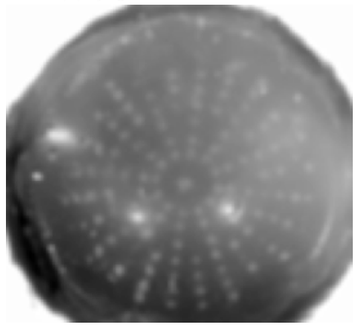


Apply histogram equalization

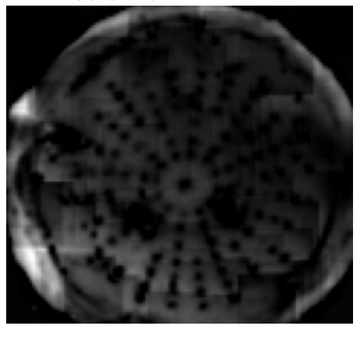


Apply adaptive histogram equalization

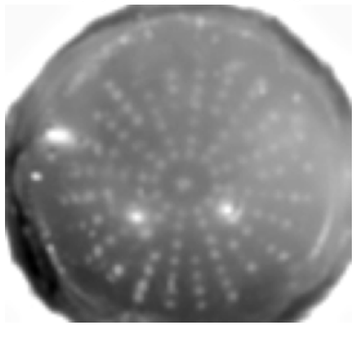
Apply gamma correction



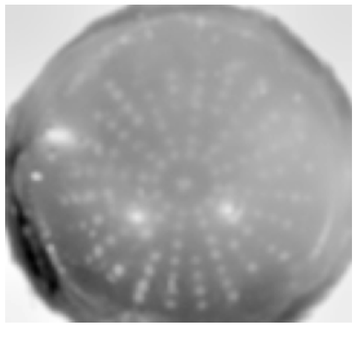
Apply tophat blackhat



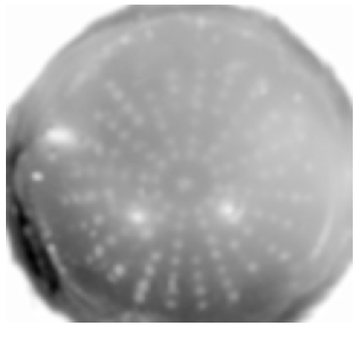
Apply unsharp masking



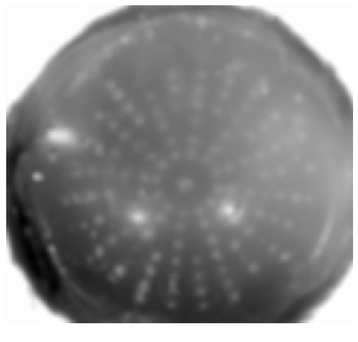
Apply retinex



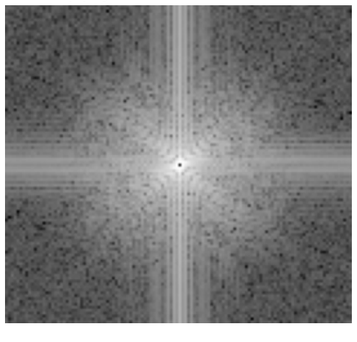
Apply log transform



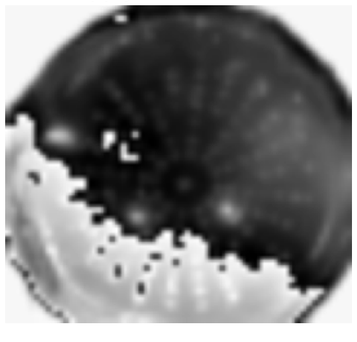
Apply power law transform

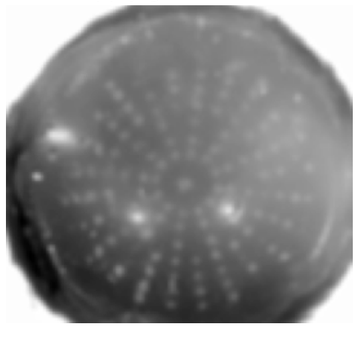


Apply fourier transform



Apply haar wavelet





Apply guided filter
